'AL' ADAMS DIES IN FIT OF REMORSE

Former Policy King, Fortune Shattered and Family Ambitions Unrealized. Shoots Himself Before Mirro in Ansonia Hotel.

"Al" Adams, for many years the "Policy King" of New York, fired a .44-calibre bullet clear through his head in his luxurious apartment in the Ansonia, Seventy-third street and Broadway, to-day, struggled to a bed, threw himself across it and died. Despondency, disease and recent Jersey City to Pier 24, Brooklyn, too heavy financial losses served to impel him to self-destruction, but the U. S. transport Sumner, already waiting real reason was the memory of the methods he used in accumulating his Cuba. It is expected to be millions, the haunting consciousness that, despite all he could do, New transport to reach the pland. York regarded him, as Justice Scott characterized him three years ago, the field equipment brought by the "the city's meanest criminal."

The ambitious plans he had made for his family in the days when he had unrestricted control of the policy game in New York were blasted when he donned the stripes of a convict. He found himself a handleap upon his wife and daughters and sons, because his name was coupled with theirs upon every occasion. The pennies and nickels and dimes he squeezed from the poor in years gone by gave him no enjoyment. A lonesome figure among men, he lived face to face with his Jersey City at 6 P. M., the Su past until he could no longer bear the sight of it.

What proved to be the finishing blow in a series of misfortunes who arrived at 2 P. M. over the Pennthat visited "Al" Adams in the last five years of his existence was the in the four companies. HOLSCHER, 15 TO 1, HEAD LIST, BUT ARE UNFIT MEN, HE SAYS, TO BE INSPECTORS

"I'll Never Promote Them," He Declares-May Break with Mayor-Hints at Graft and of Funds Raised to Buy Promotion.

An open rupture seems imminent between Mayor McClellan and Police Commissioner Bingham. The latter in conference with the Mayor to-day, following a meeting of the Board of Estimate, declared with characteristic emphasis that he had told the Mayor that so long as he continued in command of the Police Department not one of the five men on the list who are eligible for appointment as inspectors will be elevated to that position.

According to Commissioner Bingham, Mayor McClellan gave the Commissioner no satisfaction following the declaration. The Mayor, the THIRD RACE-Court Dress f1 to Commissioner said, listened intently enough, but shook his head and smiled, without in any manner committing himself either in acquiescence or opposition to the attitude of the Commissioner.
